

SKV - 30SKV406 - Sensor de temperatura de gases de escape

Sensor de temperatura de gases de escape de alta calidad.

El sensor de temperatura de gases de escape 30SKV406 garantiza un funcionamiento óptimo del motor al monitorear la temperatura de los gases, mejorando la eficiencia y reduciendo emisiones. MERCEDES Sprinter; A0009058700

A technical probe or sensor with a black cable and a metal body, featuring a threaded section and a hexagonal nut. The probe is positioned horizontally. In the background, there is a large, faint watermark of a gear with the letters 'SKV' printed in white across its center. The entire scene is set against a plain white background.
